TERMS:

Prices are F.O.B. Centerville, Utah. See "Pick Up" Discount below. All prices subject to change without notice.

DISCOUNT FOR CASH:

2% Discount will be allowed for cash *in full* with order. Where credit arrangements have been approved, 2% discount will be allowed for payment before the 10th of the month following date of shipment, past due thereafter. 8% interest will be charged on past due accounts. Make remittance to Porter-Walton Co., P. O. Box 1619, Salt Lake City, Utah 84110.

"PICK UP" DISCOUNTS:

Save 5% on pick-up orders. Many nurserymen and landscape contractors prefer to pickup. Handling and exposure are minimized. Distribution at your nursery or landscape job can be accomplished more efficiently.

C.O.D. SHIPMENTS:

Orders for shipment C.O.D. must be accompanied by a remittance of one-fourth of the amount to insure acceptance.

BUNDLES OF TEN:

Bare root shrubs and trees are ten per bundle. Please order in multiples of *ten* of each variety and/or size.

BOXING CHARGE:

Boxing and bundling for shipment will be charged at actual cost of materials used in the operation. No charge will be made for loading bulk truck lots.

WARRANTY:

The Porter-Walton Company warrants to the extent of the purchase price that nursery stock sold is true to name and as described within recognized tolerances. Seller gives no other or further warranty, expressed or implied and will under no circumstances be liable for more than the invoice value at the time of purchase.

CLAIMS:

We will gladly correct any error, but we cannot entertain any claim that is not made within 5 days after receipt of the stock. Claim should be made in writing promptly upon receipt of stock.

In case of loss due to damage or delay in transit, your claim should be made to the transportation company.

erosion control

SOIL SAVER

SOIL SAVER gives immediate and continuous protection against wind or water erosion. It prevents loss of soil, seed or ground cover plants and loss from cost of repair labor.

SOIL SAVER, a heavy woven jute mesh, holds seed and soil intact on slopes, drainage ways and other areas of concentrated water flow, preventing erosion during heavy rainstorms. SOIL SAVER is a heavy woven mulch that stays put and can't be lifted by flowing water, wind or growing grass. Because of its mesh construction, the openings between strands give the grass plenty of growing room. There are 3000 "check dams" per yard which work to hold soil and seed in place while water flows over them. When grass is firmly established SOIL SAVER decomposes adding rich organic matter to the soil at the rate of two tons per acre.

Sell SOIL SAVER erosion control on your next slope job - insure customer satisfaction - avoid lost time.

SILVA-FIBER

An outstanding mulching material for soil stabalization and fast seed germination, to be used with hydraulic seeding equipment. SILVA-FIBER is mechanically processed natural wood fibers that, when hydraulically applied, intertwine to form a strong continuous mat relatively unaffected by rain or wind. It will adhere to ground irregularities, keeping seeds moist for faster germination. An economical mulch for large areas. Apply 1000 to 1400 pounds per acre.

How Soil Saver® solved a tough erosion problem ...and saved thousands in grading costs

Fine silt sand was used for ramp and bridge abutments at a highway interchange in a Midwestern state. The bid for sodding the 2 : 1 slopes was over $15,000. But with Soil Saver jute mesh, the job was done for only slightly more than $7,000!

Savings like these are a good reason why thirty-one states now specify Soil Saver for erosion control. So do the Army engineers. Soil Saver jute mesh holds soil firmly in place until vegetation is established. It guards against washouts even under heavy run-offs.

Put Soil Saver jute mesh to work on your next job. It's the sure low-cost way to make soil stay put.

Soil Saver works! Three views of highway abutments show (top) slopes before grading, (center) seeded slopes with Soil Saver in place, and (bottom) slopes covered with heavy stand of grass. Write for information.
